### Our Remanufacturing includes:

- Torque converter(turbine) remanufacturing (if applicable);
- Valve body remanufacturing
- Replacement all the soft materials, including clutches and clutch packs, seals and gaskets;
- We also resurface all the hard parts that show signs of wear and change them if needed;
- DYNAMOMETER TESTING with recorded inspections to shift patterns and shift pressures. A stall test, fluid leak test, lockup test and park test are performed. Tests are made at varying RPM's and at full and closed throttle positions;
- Oil and filter change.

### Main warranty terms:

- RECRO warrants automatic transmission against defects in workmanship and material for a period of 24 month or 100,000 km, whichever comes first;
- warranty does not apply if the transmission has been abused, neglected, improperly maintained, damaged in an accident, modified, improperly installed, or damaged due to the operation of parts or items not furnished with the transmission;
- warranty does not cover towing charges, rental vehicles, fluids, inconvenience, loss of time, commercial loss, property damage, personal injury, or any other incidental or consequential loss or damage.
